

Opening Hours Monitor

Keep the schedule of your store in check

Watch over the opening hours of your stores.

Get an overview of how your employees **adhere to the working hours**. Be immediately informed about all late openings, premature closings, or prolonged lunch breaks, and avoid **financial losses** caused by unreliability.

Hardware

Magnetic contact will be installed on the security shutter of the store. The camera will monitor all movements of the contact.

Security camera

The magnetic contact is an electric input connected to camera's **I/O port**. The camera is connected to **the NetRex platform**.

The NetRex platform

The **opening hours** of the store and subsequently **the types of events for monitoring** will be set in the user-friendly interface of the NetRex platform.

Events

The add-on monitors **late openings, premature closings, and the lengths of the breaks during the opening hours** with respect to the set time tolerance.

Reports

Reports with a data output user receives **according to the selected frequency** daily, weekly, monthly, quarterly or annually.
