NetRex Your third eye

NetRex services up close

We pride ourselves on **quality hardware** and services that are practical and have **simple**, **user-friendly controls**.

How the NetRex solution works

High quality cameras

Choose top IP cameras from the leading Swedish manufacturer Axis Communications. We have been using them for all our solutions for more than 16 years and they are very reliable.

Cloud platform

You can easily connect the cameras and any other network elements to a cloud-based platform that offers complete remote management and many other features.

Wide range of services

A range of practical services are available on the platform: surveillance with recording, retail analytics, time-lapse video, streaming, reading vehicle registration plates and more.

What we provide for you:

The solution proposal

We will build a **solution that suits your needs** using the catalog of our services.

Installation and training

Our team will **install** everything for you and **explain** in detail how the system **works** and how to **operate it**.
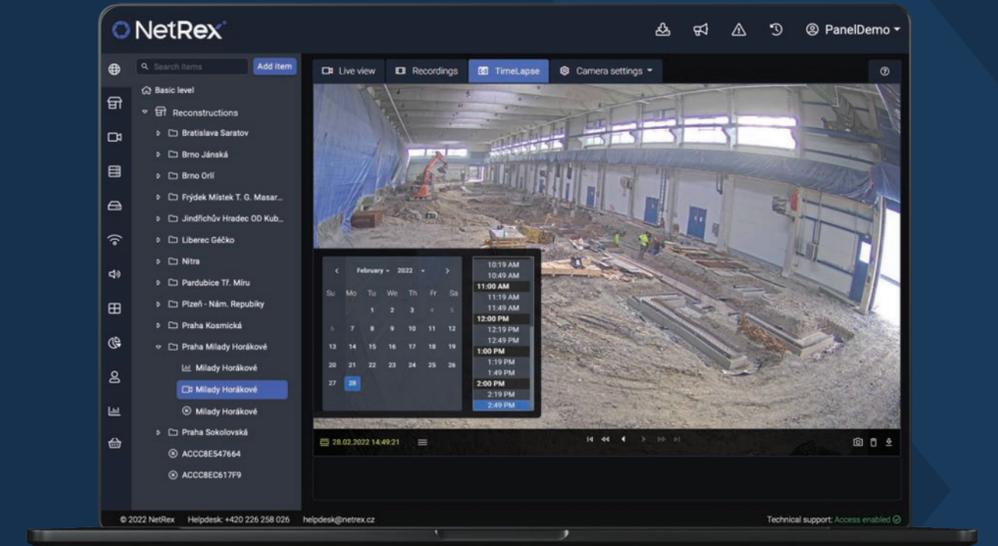

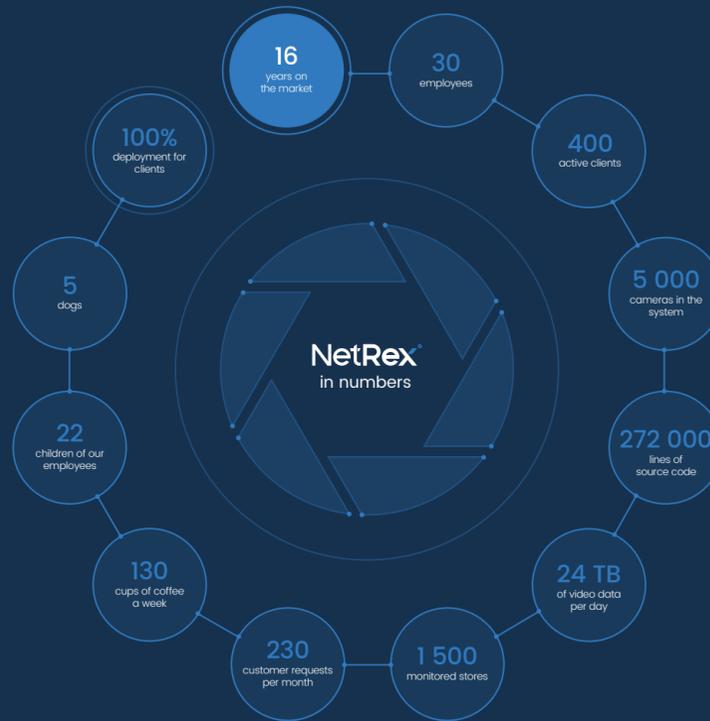

Support

Our **helpdesk** will help you at any time. In most cases, we can solve the problem remotely without a technician having to come out.

Who is NetRex?

We are a leading **IT company** offering **hosted video** services for **professional installations**. Since 2006, we have been continually exploring and discovering ways to **deploy modern network video technologies** with the ubiquitous internet. We strive to bring new ways to provide security, better control, and increase work efficiency.

We are a Czech company with a **presence and many installations in most European countries.** We have a **strong development team** and our close cooperation with the leading **IP camera** manufacturer, Swedish company **Axis Communications AB**, allows us to provide operational solutions to fulfill even the most demanding customer requirements. We believe that our services under the banner *"NetRex – Your Third Eye"* will appeal to you as well.

NetRex TimeLapse

The service creates time-lapse videos directly from surveillance cameras. Present your project in a way that says much more than words.

Just do it smart!

Why choose NetRex TimeLapse and what the video offers you

01 Get your hands on a great presentation tool

→ Display several days/years in a few seconds.
→ Attractive presentations for investors, partners, or customers.
→ The camera can thus be used not only as a live surveillance (NetRex Monitor), but also for accelerated presentation of footage thanks to NetRex TimeLapse.

02 Creating a time-lapse video is easy

→ Automatic image capturing at regular intervals which are then sent to the central NetRex servers.
→ Create super short videos with only a few clicks at the end of the project.

Highly suitable for construction

→ NetRex Mobile Cabinet is a reliable solution for installing IP cameras in locations with limited access to the Internet and power.
